

# ELECTROPHYSIOLOGY

## CHARGE TICKET 2012

PATIENT: \_\_\_\_\_

DOB: \_\_\_\_\_

PHYSICIAN: \_\_\_\_\_ REF PHYS: \_\_\_\_\_ PROCEDURE DATE: \_\_\_\_\_

INPT / OUTPT

DX1 \_\_\_\_\_ DX2 \_\_\_\_\_ DX3 \_\_\_\_\_ DX4 \_\_\_\_\_

### PACEMAKER PROCEDURES

- 33206 Insert PM generator and atrial lead  
Includes fluoro
- 33207 Insert PM generator and vent lead  
Includes fluoro
- 33208 Insert PM generator and dual leads  
Includes fluoro
- 33210 Insert temporary single PM  
Includes fluoro
- 33211 Insert temporary dual PM  
Includes fluoro
- 33227 Replace PM generator only, single  
(INCLUDES replacement of old generator)
- 33228 Replace PM generator only, dual  
(INCLUDES replacement of old generator)
- 33214 Upgrade single to dual PM system  
Includes fluoro
- 33216 Insert/Reposition single PM lead  
+33234.51  
Includes fluoro
- 33217 Insert/Reposition dual PM leads  
+33235.51  
Includes fluoro
- 33208 Insert PM generator and dual leads  
Includes fluoro
- 33218 Repair single PM lead
- 33220 Repair dual PM leads
- 33222 Revision/Relocation of PM skin pocket  
(Bundled into any upgrade)
- 33233 Remove PM generator ONLY no insert.
- 33234 Remove single PM lead
- 33235 Remove dual PM leads

### UPGRADE TO DDD/ICD UNIT

- 33241 Remove old single/dual ICD gen + 33249  
Includes fluoro
- 33249 Insert ICD gen & addtl new lead  
Includes fluoro

### ICD PROCEDURES

- 33216 Insert/Reposition single ICD lead  
includes fluoro add 33244 for removal of lead
- 33217 Insert/Reposition dual ICD leads  
includes fluoro add 33244 for removal of leads
- 33218 Repair Single ICD lead
- 33220 Repair Dual ICD leads

- 33223 Revision of ICD skin pocket (for  
debridement or infection only)
- 33240 Insert single/dual ICD generator ONLY  
(no replacement)
- 33241 Remove single/dual ICD generator ONLY  
(no replacement)
- 33244 Remove single/dual ICD electrode(s)  
By transvenous extraction
- 33262 Removal ICD generator + insertion new  
Single system
- 33263 Removal ICD generator + insertion new  
Dual System
- 33264 Removal ICD generator + insertion new  
Multi Lead system
- 33249 Insert/reposition ICD single/dual leads  
and insert ICD generator  
includes fluoro

### EP EVALUATION OF ICD

- 93641-26 Eval of ICD gen & leads  
At time of insert after connected to generator
- 93640-26 Eval of ICD leads only  
At time of insert prior to connection to generator
- 93642-26-58 Follow-up Eval of ICD unit  
Next day follow-up

### MISC EP PROCEDURES

- 36620 Arterial Line
- 93503 Swan Ganz
- 92950 CPR
- 92960 Cardioversion, external
- 92961 Cardioversion, internal
- 11042 Debridement, S/T
- 11043 Debridement, S/T/M
- 11044 Debridement, S/T/M/B
- 93505 Endomyocardial Biopsy
- 10140 Hematoma Incision/drainage
- 33282 ILR Loop Recorder, placement
- 33284 ILR Loop Recorder, removal
- 37250 IVUS, non-coronary, initial vessel  
w/75945-26 Radiology S&I
- 33010 Pericardiocentesis
- 93660-26 Tilt table eval w/continuous ECG
- 75860-26 Venogram, Coronary Sinus  
(bundled into BiV procedures)

### ELECTROPHYSIOLOGY PROCEDURES

- 93600-26 Bundle of HIS recording
- 93602-26 Intra-arterial recording
- 93603-26 Right ventricular recording
- 93609-26 Intra-vent or intra-arterial mapping  
of tachycardia site(s)
- 93610-26 Intra-atrial pacing
- 93612-26 Intraventricular pacing
- 93613-26 Intracardiac electrophysiologic  
3-dimensional mapping

- 93618-26 Induction of arrhythmia by  
electrical pacing
- 93619-26 Comprehensive EP evaluation w/  
Right atrial pacing & recording  
Right vent pacing & recording  
HIS bundle recording  
Insertion of electrode catheters;  
w/o induction or attempted  
induction of arrhythmia
- 93620-26 Comprehensive EP evaluation w/  
Right atrial pacing & recording  
Right vent pacing & recording  
HIS bundle recording  
Insertion of electrode catheters;  
with induction or attempted  
induction of arrhythmia
- 93620-26-59 Eval if w/PM/ICD insert
- 93621-26 with left atrial pacing and recordings
- 93622-26 with left vent pacing and recordings
- 93623-26 Stim & pacing after IV infusion
- 93624-26-59 Separate additional f/up study  
With pacing & recording to test  
Effectiveness of therapy w/induction  
Or attempted induction of arrhythmia
- 93631-26 Intra-operative epi/endocardial  
Pacing & mapping

### ABLATION PROCEDURES

- 93462-26 RHC & transeptal LHC  
Through intact septum
- 93650 Intracardiac ablation of AV node  
Function, AV conduction for creation of  
complete heart block/w or w/o temp  
pacemaker implant
- 93651 Intracardiac ablation – arrhythmogenic  
foci for treatment of SVT
- 93652 Intracardiac ablation – arrhythmogenic  
foci for treatment of Vent Tachycardia
